Terms

Rainbow Mission Fundation	henceforth Budapest Pride
For-profit, and nonprofit organizations, natural persons, who wish to participate in the pride parade by launching a vehicle	henceforth Vehicle Participant Group

Objectives

The goal of this document is to summarize the rules and regulations regarding the launching of and participation with a vehicle in the pride parade. All rules apply to all Vehicle Participant Groups and no exceptions shall be made, the rules must not be broken.

Scope, ratification, compensation

This document is valid until recalled.

Budapest Pride holds the right to change the contents of this document.

Complying with these rules is mandatory for all Vehicle Participant Groups, no exceptions can be made. Participating in the pride march can be denied if organizers from Budapest Pride find a Vehicle Participant Group not adhering to these rules.

Budapest Pride is not responsible for any financial or other damages caused by the right to participate being denied, and Budapest Pride cannot be forced to financially compensate for these losses.

Rules

1. Route

All Vehicle Participant Groups are to follow the route decided by Budapest Pride before, during, and after the pride march. Deviating from the decided route is only allowed with the permission of Budapest Pride and/or the Police. In case the route direction changes during the pride march, all Vehicle Participant Groups are to follow the new route, and to act as the Budapest Pride appointed vehicle coordinator says.

2. Technical problems

In case a technical problem concerning the vehicle, sound, or performance, before the pride march, the Vehicle Participant Group must contact Budapest Pride at fesztival2020@budapestpride.hu with details about the nature of the problem, possibilities of its correction, and its length. In case Budapest Pride comes to the conclusion that the vehicle's participation would endanger the safety of the march after having considered the state of the problem, the Vehicle Participant Group can be asked to remove the vehicle from the route and not to participate in the march.

Any problems that arise during the march must be reported to the vehicle coordinator appointed by Budapest Pride.

3. Securing vehicle personnel

All Vehicle Participant Groups must provide a minimum of **five responsible persons** who will accompany the vehicle on the entire length of the march from the first assembly to its end, and who will act as Budapest Pride orders them.

Of these five persons, four will hold a safety ribbon while walking next to the vehicle, and one will walk in front of the vehicle and watch out for the attendees.

Vehicle Participant Groups must provide the safety ribbon for the vehicles, the specifications of which are as follows:

- not shorter than each side of the vehicle while held at least 1m from the vehicle itself,
- visible color,
- at least 8cm wide.

In case a Vehicle Participant Groups wishes to use the services of a security company of their own choice, they must notify Budapest Pride (at fesztival2020@budapestpride.hu) at least 15 days prior to the march, and must provide the names of the security personnel, as well as a digital copy of their IDs and permissions.

Vehicle Participant Groups must ensure that the security personnel do not wear clothes that could be deemed intimidating (all black, camouflage, military etc), and that their appearance blends in with the rest of the attendees. All security personnel must wear visibility vests.

Vehicle Participant Groups must provide data about the driver of the vehicle, as well as the vehicle itself (such as name, phone number, ID number, license number etc)

Vehicle Participant Groups must provide physical space for the Budapest Pride appointed coordinator next to the driver of the vehicle.

In case any of the terms described in Section III are not met, Budapest Pride has the right to deny attending the march to the respective Vehicle Participant Group.

4. Vehicle specifications

All vehicles must meet the below criteria.

Weight	
Total weight of vehicle (max)	7.5 t
Size	
Lenght	6.5 m
Width	2.5 m
Inside height	2.5 m

The vehicle must not be heavier than 7.5t and longer than 2.5m. For safety reasons, nothing can hang from its sides. In case a Vehicle Participant Group wishes to launch a vehicle where the cords and cables used for sound, or any of the decorating elements are hanging from the side of the vehicle, the group's participation will be denied.

5. Documentation

All march and technical vehicles must have valid vehicle passes, which are to be provided by the Vehicle Participant Group, and to be sent to Budapest Pride by the given date. If this term is not met, participation will be denied. Furthermore, the license plate number, as well as the vehicle registration number must be provided to Budapest Pride.

6. Decoration, sound

No decoration or sound works can be done at the site of the march, all vehicles must arrive completely decorated with finished and working sound systems.

To prevent accidents, during the pride march, only one person providing the music can stay aboard the vehicle. When the vehicle returns to regular traffic, nobody can stay there.

If a vehicle meets the technical requirements for it to be equipped with a working sound system, **it cannot participate** in the march without having one.

The official logo (if it's not applicable, the exact name of the Vehicle Participant Group) must be displayed on the vehicle.

Every logo displayed on the vehicle is obligated to discussion.

7. Communication, execution

All Vehicle Participant Groups must stay in contact with the Budapest Pride appointed vehicle coordinator, must follow their orders at all times for the entire duration of the pride march, and must consider the execution of all such orders mandatory.

8. Obligations

Vehicle Participant Groups and all related staff must keep all rules as requested by Budapest Pride.
